Prayer for April

May the sunlight and the rain be reminders that You are at work renewing the earth. As a God of renewal, You are ever at work in our lives, too. Open our eyes and lives to the needed changes in our lives this Spring. Awaken us to new life and perspective, for we pray in Jesus' name.
 Amen

Total Solar Eclipse on April 8 2024

On Monday, April 8, a total solar eclipse will cross North America, passing over Mexico, the United States, and Canada. The eclipse will begin over the South Pacific Ocean. Weather permitting, the first location in continental North America that will experience totality is Mexico's Pacific coast at around 11:07 a.m. PDT.

Scientists say the sun is approaching its maximum activity of its cycle this year, meaning it will be sending off more solar flares and eruptions

from its surface — potentially making this year's total solar eclipse much more dynamic. Be Sure to wear protective glasses.

The viewing path compliments of NationalEclipse.com

 The beautiful spring
 came; and when Nature
 resumes her loveliness,
 the human soul
 is apt to revive also.
